How to Enjoy TEMPURA HITSUMABUSHI

Three delicious ways to enjoy our tempura with rice.

1 First: Enjoy as a Tempura Set (Light & Refreshing)

Dip the tempura in tentsuyu (dipping sauce) with grated daikon radish and ginger. Start with shrimp, whiting fish, and seasonal vegetables.

Tip
Grated daikon and ginger enhance the natural flavors and keep it refreshing.

2 Next: Enjoy as a Tempura Bowl (Rich & Satisfying)

Place the tempura over rice and drizzle with the special sauce from the table.

Tip
The sauce brings out the umami of the tempura and pairs perfectly with the rice.

3 Finally: Enjoy as Tempura Ochazuke (Light & Comforting)

Place kakiage (mixed tempura) over rice and pour the special bonito broth. Add wasabi and shredded nori for extra flavor.

Tip
The aroma of the broth and the kick of wasabi create a refreshing finish.
